

Downstream Rental Packages

Everything we sell, we also rent. Serviced, calibrated and ready to perform.

Our rental programs match your tool use, whether it's a one-off or long term rental.

COMPLETE RENTALS FOR BOLTED FLANGE JOINTS

ALLTITE carries numerous flexible options for the bolting tool needs of refineries and chemical plants. From fully supported tool trailers for turnarounds to all the maintenance needs in between, ALLTITE stocks torque and tensioning solutions for all flanges, heat exchangers, reactors and other bolted flange joints common to the petrochemical industry.

A SINGLE TOOL OR FULLY OUTFITTED TRAILERS

ALLTITE offers a customizable turnaround package, including rental of a fully stocked tool trailer for construction, expansions and turnaround outages. Our small 14' and 17' trailers are outfitted with shelving specifically designed for equipment used during turnarounds.
